## Installation

---

General instructions for installing the adapter are provided below. Please refer to your computer's user manual for further information, if needed. No driver is required to install the SATA to IDE Adapter.

1. Connect the Ultra ATA/IDE cable to the 40-pin IDE connector and power cable to the 4-pin power connector of the adapter.

2. Connect the SATA connector of the adapter to the Hard Disk SATA interface.

### **WARNING!**

Use only the power cord supplied with the product. A different cable causes damage to the adapter and hard drive connected.
